THE JAPANESE PLAN TO STATION 180,000 TROOPS IN INDO-CHINA, MOST OF THEM WILL BE CONCENTRATED AT STRATEGIC POSITIONS IN WESTERN CAMBODIA ADJOINING THE BORDER TO THAI-LAND, ACCORDING TO A CORRESPONDENT WHO HAS JUST ARRIVED IN SAIGON, STATES A REUTER BUL-LETIN MESSAGE.

THE CORRESPONDENT ADDS THAT FOREIGN OBSERVERS BELIEVE THAT, AS SOON AS JAPAN FEELS SHE IS PREPARED FOR COUNTER-ATTACKS, JAPANESE TROOPS WILL ENTER THAILAND.

The most truculent statement yet made on the Far Eastern situation was uttered by a Japanese Naval spokesman in Tokyo yesterday. He said:

"THIS IS NOT THE TIME TO FUSS OVER WHEIHER JAPAN SHOULD ENTER THE WAR. THE PRE-SENT IS ONLY THE CALM BEFORE THE STORM. THERE IS A LIMIT TO OUR PATIENCE AND WHEN THAT LIMIT IS REACHED THERE WILL BE AN EXPLOSION. HOSTILE NATIONS WHO UNDERESTIMATE JAPAN'S STRENGTH ARE INVITING UNPLEASANT SURPRISES."

Sino-French Relations Rapidly Deteriorating Despite Many Assurances

The report that Indo China is sending troops to the Yunnan-Kwangsi borders "to protect the Japanese flank" did not come as a surprise to Chinese circles in Chungking as Sino-French relations are rapidly deteriorating despite the repeated assurances on the part of the French authorities that they would resist the German and Japanese demands to the utmost of their ability, says a Reuter report.

General Chiang's Manifesto To People On The Fourth Anniversary Of S'hai War

CHUNGKING, Aug. 13 (Central) "Japan's chance for opportunist aggression is gone and her so-called Continental Policy and Oceanic Policy have vanished like bubbles," declared GENERALIS-SIMO CHIANG KAI-SHEK in a manifesto to the Chinese on the 4th anniversary of the Shanghai hostilities today.

Generalissimo Chiang said; Aroused by Japan's ruthless designs for the invasion of French Indo-China and the menace to Thailand, Britain, the United States, and the Netherlands East' Indies have jointly made adequate preparations. Economic pressure against Japan has been applied and joint military defence adopted. Meanwhile. though occupied with fighting on the western front, Soviet Russia has never relaxed her vigilance in the Far East

"Therefore, though Japan is ambitious for southward expansion. she is now confronted with the joint defence of the countries in the South Seas and her Navy is no match for the British and American Navies. As to northward expansion, with her Army bogged down in China's quagmire she may not dare to throw in whatever strength and resources she has left for the rink."

However, Generalissimo Chiang reminded the Chinese that the are flocking to Singapore to inordinate ambition of the Japanese militarists is to conquer the event of hostilities in this part of world. FANCY TRADE NAMES DEPLORED BY JUSTICE CRESSALL

"It is not surprising to me that complications have arisen over a simple contract debt for as long as persons are permitted to carry on businesses under fancy or fictitious names it is obvious that confusion and chaos will be the order of the day in commercial transactions," said Mr. Justice P. E. F. Cressall in giving a judgment at the Summary Court in an action in which the Leung Yuen firm, of No. 290 Queen's Road Central, first floor, sued the Tai Ming Restaurant, of No. 26 Mongkok Road, ground floor, for money due.

His Lordship also remarked on the custom of giving credit to any person without enquiring into the stability of the person applying for credit.

In the meantime, Mr. Silva, acting on instructions from one Lau Sui. took out an inter partes summons under section 259 of the Code of Civi! Procedure for leave to set aside the service of the writ of summons and the judgment obtained and for an order to release the goods and chattel seized by the bailiff.

SWORN AFFIDAVIT

The application was supported by an affidavit sworn to by the said Lau Sui who alleged that he was the owner of the Tai Ming Restaurant but that he had hired the said restaurant to one Tsang Wan on Dec. 29, 1940. He further alleged that the debt sued on was not his but Tsang Wan's, who, after taking over the business, had changed the firm's name from Tai Ming Restaurant to Tai Ming Cheung Kee Restaurant. The application was heard in Chambers and issues were ordered to be framed. These issues came up for trial yesterday.

BUSINESS CONDITIONS IN CANADA, 1941

The marked expansion in Canadian husiness activity continued during the first half of 1941 at an accelerated pace. As a result, business indicators have established new records substantially above the peaks attained in the "boom" period of the late 'twenties. Government expenditures for war purposes have, of course, been the mainspring of this rise in business activity; during the past twenty-two months Canada has succeeded in transforming her economy from a peace to a war-time basis and a gigantic armament industry has been created. Specialised military, naval and air equipment and supplies of all kinds are now being turned out on a huge and increasing scale

SAIGON, Aug. 13 (Reuter) -The Boundary Delegation meetings are due to commence on Monday under the chairmanship of Mr. Yano, head of the Japanese Delegation.

The present meetings are expected to last a fortnight, followed later by meetings at different points at the frontier.

"Thailand would need and welcome assistance, if attacked," stated Colonel Sarablaga, head of the That Delegation Boundary Mission. He added that the recent Anglo-American statement regarding Thatland's position was not addressed specifically to Thailand as an official communication. The mention of assistance was certainly welcomed in Thailand.

Men Of Fantasy Forces: Camouflage Nothing More Than Visual Deception

The word camouflage is nothing more than a rather foolish title for any type of visual deception, either direct or indirect, which makes it harder for the enemy to find his target, writes Lieut.-Col Homer Saint-Gaudens to the "Christan Science Monitor." These days, however, the enemy is so much more dangerous when he is in the ar than when he is anywhere else that hiding from aeroplane observa. tion forms the chief reason for the existence of camouflage.
